

PUBLIC NOTICE

Topic: Draft Permits for the proposed Construction, Demolition, and Land-Clearing Debris (C&D) landfill and Waste Tire Collection (WTC) facility at the Twin Chimneys Landfill.

Location: The proposed C&D landfill and WTC facility will be located near the intersection US Highway 25 and West Ridgeway Road at the Twin Chimneys Municipal Solid Waste Landfill Site in southern Greenville County, SC.

The South Carolina Department of Health and Environmental Control's (SCDHEC) Solid Waste Permitting Section has received two (2) separate permit applications from Greenville County for the construction and operation of a C&D landfill and a WTC facility. The proposed C&D landfill is expected to have an approximate life of thirty-five (35) years.

SCDHEC requires that a permit be issued for C&D landfills pursuant to S.C. Code Ann. Sections 44-96-10 et seq. (Supp. 2005) and 25A S.C. Code Reg. 61-107.11 (Supp. 2005). The type of waste(s) accepted by the Twin Chimneys C&D landfill will be limited by Appendix I of the above-mentioned regulation. Acceptable waste(s) include, but are not limited to, land-clearing debris, bricks, blocks, shingles, lumber, and other wastes listed in Appendix I that have not been in contact with lead-based paint, hazardous constituents, or petroleum products. Wastes that are not acceptable at C&D Landfills include household garbage, hazardous waste, and infectious waste. For a more detailed description of Appendix-I-acceptable wastes, please contact one of the persons below to view the application, or receive a fact sheet.

SCDHEC requires that a permit be issued for collection of over 2,500 waste tires pursuant to S.C. Code Ann. Sections 44-96-10 et seq. (Supp. 2005) and 25A S.C. Code Reg. 61-107.3 (Supp. 2005).

At this time, the Solid Waste Permitting Section has completed the review of the permit applications and found that the C&D landfill application meets all technical requirements of Regulation 61-107.11, *Construction, Demolition, and Land-Clearing Debris Landfills*, and the WTC facility application meets all technical requirements of R.61-107.3, *Waste Tires*.

Copies of both of these regulations are available upon request, and are available on the Internet at the following website: <http://www.scdhec.gov/lwm/html/regs.html>.

Who to contact? Copies of the permit applications and draft permits are available by appointment for public viewing during normal working hours at the following locations:

Bureau of Land and Waste Management
SC Department of Health and Environmental Control
8911 Farrow Road
Columbia, South Carolina 29203
